

You love us well

1. Heart of loving
heart of living
you love us, love us well
Source of life and
source of living
you love us, love us well

2. In you, no hunger
no more thirsting
you love us, love us well
You fill my cup
awash to bursting
you love us, love us well

*Bread of life
grace on grace
heaven's food for my soul
Christ we feast
on your grace
your life alone
can make us whole*

3. You alone can satisfy us
you love us, love us well
You suffered for our sin,
died for us
you love us, love us well

4. You form us in one faith, one body
you love us, love us well
We worship, grateful
you are holy
you love us, love us well

*Bread of life
grace on grace ...*

5. Jesus Christ,
come feed us deep now
you love us, love us well
One bread, one body:
your great gift now
you love us, love us well
you love us, love us well
you love us, love us well
you love us, love us well
